STAR IMAGING
AND RESEARCH CENTRE

Post-Graduate Fellowship Course

APPLICANT'S PARTICULARS

Selection procedure - Selection will be based on performance at interview (30%),
University level academic merits (20%) publications if any (30%) and
Recommendations from PG teacher (20%)

Successful candidates will be informed by email, and a list of the successful candidates as well as the waiting list will be displayed on the official notice board of Star Imaging and Research Centre.

Award of Fellowship: _____

Fellowship will be awarded subject to:

- Regular performance appraisal and maintenance of log book
- Attendance and punctuality
- Ability to acquire new skills in the sub-specialty
- Successful completion of examination at the end of the Fellowship Course

Certificates will be awarded by the SIRC with signature of the Chief Radiologist and Academic Director.

The Head of SIRC will award the certificate.

Travel for interview will NOT be reimbursed.

Selection for the Fellowship course will NOT amount to becoming an employee of SIRC. Individuals who are already permanent employees of SIRC (in-service candidates) shall continue to be SIRC employees, and will do the Fellowship work in addition to their regular SIRC responsibilities.

Fellows will abide by the rules of SIRC at all times, and report to the Chief Radiologist, Academic Director and Fellowship Course Guides.

SIRC will provide a discretionary stipend based on qualifications and previous work experience of the candidate.

The decision of the three panel of experts will be binding on all matters pertaining to the selection of the candidate.
